

National Airway Programme of Singapore (NAPS)

25 – 26 August 2018, Saturday to Sunday
7.30am to 5.00pm | Academia

INTRODUCTION

After many years of holding separate airway workshops, the various restructured hospitals from various subspecialties have come together to hold our inaugural Singapore National Airway Programme. In this way we hope to not only share our various experiences and expertise but to formulate and unify our teaching structure to convey a more comprehensive workshop. The two day workshop will encapsulate the entire spectrum of hands on experience of basic airway management to advanced airway management including surgical airway access and simulation.

COURSE OBJECTIVES

To ensure hands on basic airway training to all, and familiarization of advanced airway techniques to the more experienced practitioners

WHO SHOULD ATTEND

All medical practitioners interested in airway management. The course is partitioned in such a way that relevant hands on training can be applied to registrants with various levels of training from various medical disciplines.

COURSE FEE (Includes 7% GST, in Singapore Currency)

		Day 1	Day 2	Both Days
Early Bird (Before 30 Jun)	Resident:	\$428	\$642	\$963
	Non Resident:	\$481.50	\$802.50	\$1,177
Original	Resident:	\$481.50	\$695.50	\$1,070
	Non Resident:	\$535	\$856	\$1,284

REGISTER BY 30 JUNE (Early Bird)

- Certificate of Attendance will be issued to those who attend 75% of the workshop
- CME Points: Application in progress
- For registration, email your name, institution, department and contact details to sims.sssc@singhealth.com.sg

CHIEF COURSE DIRECTOR

Dr Theodore Wong
Senior Consultant,
Department of Anaesthesiology
Singapore General Hospital

CO-COURSE DIRECTORS

Dr Natascha Ghadiali
Senior Consultant
Department of Anaesthesiology
Singapore General Hospital

Dr Tan Leng Zoo
Senior Consultant
Department of Anaesthesiology
Khoo Teck Puat Hospital

Dr Patrick Wong
Senior Consultant
Department of Anaesthesiology
Singapore General Hospital

Dr Zhang Jin Bin
Consultant
Department of Anaesthesiology
Tan Tock Seng Hospital

In Partnership With

Singapore Society of
Anaesthesiologists

The SingHealth Duke-NUS Institute of Medical Simulation (SIMS) is one of Singapore's largest simulation centres with a comprehensive range of simulation modalities, training programmes and cutting-edge facilities. SIMS is committed to delivering quality simulation training by providing a safe and supervised environment for healthcare professionals to sharpen their clinical skills. The institute draws upon the synergy of collective expertise, curriculum and resources in SingHealth and Duke-NUS. SIMS aims to be the leading global institution in medical simulation, pushing frontiers in medical education to advance patient care.

25th August 2018 | DAY 1 PROGRAMME**Option 1: Fundamentals of Airway Management and Hemodynamic Monitoring Techniques (FACT)**

Morning:

Fundamentals in Airway Management

- Basic Airway Management
- Direct Laryngoscopy
- Supraglottic Devices
- Video Laryngoscopes
- Flexible Fiberoptics
- Rigid Scopes
- Ultrasound of Airway

Afternoon:

Hemodynamic Monitoring

- Cardiac Output Monitoring
- Arterial Line Setting & Monitoring

Option 2: Fundamentals of Airway Management and Advanced Airway Management

Morning:

Fundamentals in Airway Management

- Basic Airway Management
- Direct Laryngoscopy
- Supraglottic Devices
- Video Laryngoscopes
- Flexible Fiberoptics
- Rigid Scopes
- Ultrasound of Airway

Afternoon:

Advanced Airway Management

- Airway Management in Alternate Positions
- Combined Device Use
- Lung Isolation
- LA Sedation
- Airway Management in Specialty Disciplines
 - Emergency Medicine
 - Intensive Care Unit
 - Obstetrics
 - Otolaryngology
 - Pediatrics
 - Respiratory & Critical Care Management

26th August 2018 | DAY 2 PROGRAMME**Advance Surgical Airway Management**

Whole Day:

Advance Surgical Airway Management

- Equipment needs for scalpel bougie technique and needle cricothyroidotomy
- Surgical technique on manikins / pig tracheas / cadavers
- Oxygenation strategies and conversion to definitive airways

SPECIAL FEATURE! (DAY 2)

- Case Discussion
- Thought process / decision making towards proceeding with surgical airway technique using high fidelity simulators

REGISTRATION FORM

✓ **Please tick where appropriate**

Day 1 only

Option 1

Option 2

Day 2 only

Day 1 & 2

Name: _____

(Name indicated above will be reflected in the certificate upon course completion)

Institution/Department: _____

Designation/Residency Year: _____

MCR No/Identification No: _____

Address: _____

Tel: _____

E-mail: _____

CANCELLATION POLICY

Any cancellation or replacement must be conveyed to the Organiser in writing. A cancellation charge of 50% of the fee will be levied if the cancellation is made before the closing date. There will be no fee refund if the cancellation is made thereafter.

The Organiser reserves the right to cancel the workshop and fully refund the participants should unforeseen circumstances necessitate it.

PAYMENT METHOD

Cheque/Bank draft to be made payable to
"Singapore Health Services Pte Ltd".

(Please indicate "SIMS – NAPS, Name, Assignment code: NAPS1801, Cost Centre: 22183" on the reverse side of the cheque)

Please send your completed form with payment to:
